2. Using your Plan and Inclusions

To use this plan, you must sign up and activate an Everyday Mobile from Woolworths SIM card and bring your own unlocked device that meets the [device guidelines](#) available on the Everyday Mobile from Woolworths website. Your tablet or IoT other device may not be capable of making calls or sending or receiving SMS and MMS. Note that 3G will be decommissioned in June 2024 and 3G handsets will need to be updated to continue to use this Service.

Data Bank: Unused data will rollover into your Data Bank. Data Bank will be forfeited if you move to a Long Expiry or Prepaid plan. Your Data Bank's limit is 1000GB, and any data over that limit will be forfeited. Data Bank data will only be used once you have exceeded your monthly Data Allowance. When you change from a higher value to a lower value SIM Only plan or to a Prepaid plan, your Data Bank balance will reset and any accumulated data will be forfeited.

Data: If you have exceeded the Data Allowance and exhausted your Data Bank balance, you will not be able to use data until the start of the next month on your Plan (based on the date when you connected your Plan) unless you purchase an optional data add-on from us online with a capped limit of \$300 per billing period. Tablet or IoT devices that are not capable of making calls or sending or receiving SMS and MMS may only use the Data component of the Plan.

Data gifting: Up to 50% of your Included Data per usage period can be gifted in 1GB increments to another active Everyday Mobile from Woolworths plan with Data Gifting feature. Data, once gifted, cannot be re-gifted to any other plan. Gifted data will be utilised before Included Data and any unused data will rollover into Data Bank when your plan next resets on the same or a higher value SIM Only Plan.
